

Bug ticket SAUCE-001

Title: Items not displaying correct image

Business context:

Currently when a customer wants to check the images of the items, the correct ones are not being displayed

Steps to reproduce:

1. Go to login page (<https://www.saucedemo.com/>)
2. Login with user: problem_user / pwd: secret_sauce
3. See that all products have the same image

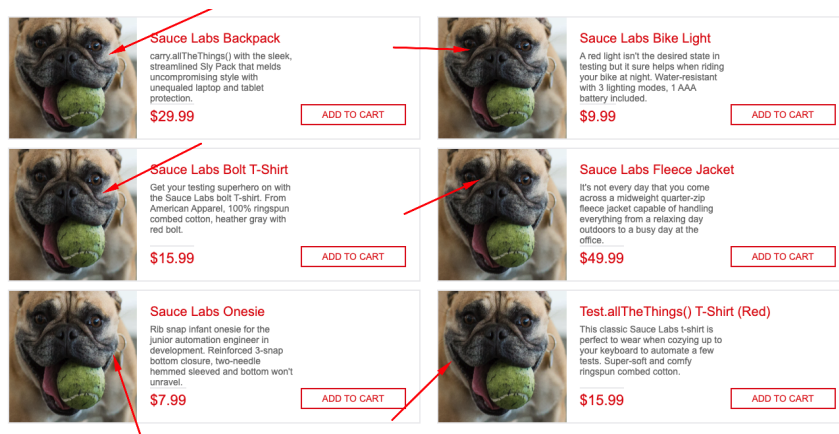

Expected behaviour:

User should be able to see the product image of each item

Actual behaviour:

User sees the same image for different items
